

Hello, my name is Richard Lewis, Chief Constable of Cleveland Police, and if you're on this website, it's because you're aware that we have an incredible opportunity to join the Chief Officer Team here at Cleveland as the Chief Finance Officer.

We're looking for as wide a pool of candidates as possible, but we don't simply want you for your skills in finance, though of course that is a prerequisite.

We want a leader working within this exciting team that we have at Cleveland to form part of the future of this organisation to safeguard our communities. It is beyond your skills a Finance Director that we are looking to appoint as well, to make sure that you have the skills, the drive and the ambition to make Cleveland the safest place to live in England and Wales.

All the information that you need is on the website that you are currently on, in terms of forms and information, and I'm looking forward to receiving an application from you. Thank you.
